

## Little Miami Career Plan (2022-2023)

---

### Kindergarten

- College and Career Exploration Week in the Spring
- Career Exploration through classroom guidance lessons presented by school counselor
- Career guest speakers during College and Career Week in the Spring

### 1st Grade

- Career Exploration through classroom guidance lessons presented by school counselor
- Career guest speakers during College and Career Week in the Spring
- Junior Achievement
- College and Career Exploration Week in the Spring

### 2nd and 3rd Grade

- Career Exploration through classroom guidance lessons presented by school counselor
- Classroom visits from School Counselor to highlight career/interests' choices
- College and Career Exploration week in the Spring
- Junior Achievement
- Career videos to highlight different career paths

### 4<sup>th</sup> and 5th grade

- Career Exposure/Exploration through Junior Achievement.
- Classroom Activities (Real Money Real World/Real Life Math Unit).
- Guest Speakers may have to be zoom and videos due to COVID.

- STEM and Media Elective/Special class: Career connections/discussions based on classroom lessons/projects.
- Monthly newsletter to parents sharing career information.
- Learning Recovery: Enriching students through projects which can expand student's knowledge within the specific content area including career education.
- Classroom credits/debits system to earn points/money for doing their job as students.
- Classroom visits from the School Counselor to highlight career interests/choices. (Minute Meetings with each student)
- Identify at risk students as they transition to the next grade.
- Book in a Week or a Day will rotate every other year between "Lemonade Wars" and "The Dot"
- The entire building will either read the book "Lemonade Wars" by Jacqueline Davies in the spring and incorporate a variety of career activities. Career Dress up day and Decorating classroom doors with a career theme are just a few of the activities that will take place. Second option is the entire building will participate in International Dot Day in September where the building reads "The Dot" By Peter H. Reynolds. The building will participate in a variety of fun activities including a live stream with the authors of the book. Students will have the opportunity to ask questions, learn about their inner creativity and perseverance, along with learning about careers in writing, film, and illustrating.
