

# Baseline Preventative Cardiac Screening for Little Miami High School

## ALL MCORE FOUNDATION SCREENINGS INCLUDE:

- An ECG and limited Echo test performed by registered cardiac sonographers
- Results read by our team of pediatric cardiologists
- Images stored within your secured account for future access or to send to your medical provider

- **Sudden Cardiac Arrest is the #1 Killer of Student Athletes**
- Each year in the USA, 6,328 individuals (ages 18 years and younger) experience EMS assessed Sudden Cardiac Arrest outside hospitals. That's 17 kids per day!
- 1 in 300 kids has an Undetected Heart Condition
- The American Academy of Pediatrics and American Heart Association recommend that all children be screened for sudden cardiac arrest (SCA) every 2 or 3 years.

**A SIMPLE EKG-ECHO TEST CAN SAVE LIVES!**
